## Fundraising Cake Stall.

The Redback's committee members were overwhelmed by the quality and beauty of the cakes and sweets contributed to the stall on National Netball Day!

Thank you to the wonderful bakers and also artistic presentation and packaging. We also won the best dressed club tent.

## Team reviews

Members of the Redback's team allocation committee will be watching games in the last few weeks of the season. This is to ensure that girls are placed in a team of appropriate skill level taking into consideration position, footwork, passing, fitness, age, height, strength and maturity for next year. Review of the players will still occur next year and we are trying to ensure that girls are observed playing in their familiar team and chosen position.
